# CALL FOR PAPERS & TUTORIALS

# 2014 IEEE International Technology Management Conference (ITMC2014)
## *"Technology on the Go"*
### June 12-15, 2014 - The Chicago Marriott O'Hare, Chicago, IL USA

The IEEE Technology Management Council invites the thought leaders and innovators in engineering and information technology disciplines to submit a paper or tutorial for presentation at the 2014 International Technology Management Conference. ITMC2014 provides a unique collaborative environment for engineering & technology professionals to discuss what the future holds in technology management.

This year's theme, "TECHNOLOGY ON THE GO", opens with a day of tutorials followed by two and a half days of paper and panel sessions. The process for presenting a paper or tutorial at the 2014 ITMC starts with your submission of an abstract/draft paper or tutorial. Your submittal should address topics related to the management of technology that are relevant to our theme, such as:

| Green and Agile | Collaboration and networks |
|---|---|
| • Energy conservation & harvesting<br>• Maintaining quality, accessibility and security<br>• Medical device innovation<br>• Product development with agile management | • BYOD – extended infrastructure<br>• Cloud computing – SaaS, hybrid cloud<br>• Data integrity, security, reliability, document management<br>• Healthcare information management – health metrics, patient care, record access and management |
| **Foresight and strategies to explore new markets** | **Special tracks and workshops** |
| • Big data, informatics<br>• Internet of Things, telematics<br>• Innovative PLM<br>• Predictive analytics | • Six Sigma<br>• Agile Project Management<br>• Education programs in MoT, R&D |

### Key Dates

| | |
|---|---|
| Abstract/initial draft paper submission | **15 December 2013** |
| Notification of acceptance | **15 January 2014** |
| Draft paper due | **15 February 2014** |
| Final paper due | **15 April 2014** |

Conference and Author details are available at **http://ieee-tmc.org/itmc2014**

# Author Instructions ITMC 2014

Prospective authors are invited to submit manuscripts reporting original unpublished research and recent developments in the topics related to the conference. It is required that the manuscript follows the standard IEEE camera-ready format (IEEE standard format, double column, 10-point font, **4** pages maximum). Papers should describe original work; they should emphasize completed work rather than intended work, and should indicate clearly the state of compilation of the reported results. Wherever appropriate, concrete evaluation results should be included.

A paper accepted for presentation at the 2014 ITMC conference cannot be presented or have been presented at any other conference/meeting or alike with publicly available published proceedings. Papers that are being submitted to other conferences or workshops must indicate this on the title page.

Submissions must include title, abstract, keywords, author and affiliation with email address. All submissions must be in letter-sized PDF. Please double-check the paper size in your page setup to make sure you are using the letter-size paper layout (8.5 inch X 11 inch). The paper should not contain page numbers or any special headers or footers. The IEEE templates in Microsoft Word (US Letter) and LaTeX format can be found at

http://www.ieee.org/conferences_events/conferences/publishing/templates.html

All papers that conform to submission guidelines will be peer reviewed with selection based on originality, technical and/or research content/depth, correctness, relevance to conference, contributions, and readability. Acceptance of papers will be communicated to authors by email.

IEEE reserves the right to exclude a paper from distribution after the conference (e.g., removal from IEEE Xplore) if the paper is not presented at the conference.
